

- 1)** Mount the M38 wall hanger into the wall by screwing a screw into the top and bottom portion of the hanger with the scroll facing down as shown. For best results, screw into a stud or use toggle screws. M38 may hang from wall or ceiling.

- 2)** Hook the triangle shaped hanger into the hook of the M38 as displayed in the photo.

! For best results, do not remove the glass vase from the metal basket. The glass may be cleaned out with a baby bottle brush.

- 3)** Gently pull the arms apart just enough to hook into the scrolls of the basket.

- 4)** Make sure the basket is hung on the 3rd scroll of each side of the basket to ensure that it hangs straight.

Display/Decorating Ideas

For the contemporary or traditional setting, this unique design is elegantly displayed with long stemmed flowers. Fill the vase with our colored sand (available in many colors) and a pillar candle to help add a romantic glow to any room. This item is also available with the **MC** accessory which is an insert that allows you to place a tea light candle inside the vase.
